THE POYNT 5

Our latest addition to the Poynt family pushes the envelope of convenience and mobility. Poynt 5 interacts with the Poynt Smart Terminal right out of the box or can be used standalone to line-bust!

The Poynt 5 has all the powerful features of the Poynt Smart Terminal, but is about half the size and still boasts a 5-inch screen.

Hybrid EMV/ MSR Reader Slot

Dedicated Scanner Button

NFC Antenna (Behind Touchscreen)

5" Touchscreen Display 72(w) x 1280(h) Pixels

Speaker

QR Code & Barcode Scanner

Power Button

Dedicated Secure Processor

8 Hour Battery

Microphone

USB Type-C Port

Future Ready
- MSR/EMV Hybrid Reader
- Built-in NFC
- QR Code Ready
- BLE Enabled

Secure
- Dedicated Security Processor
- Point-to-Point Encryption

Connected
- WiFi Ready
- Bluetooth Enabled

Nimble
- Runs on Poynt OS
- Packaged with Poynt HQ
- Convenient Apps Built-in
- 3rd Party App Ready

GoDaddy Poynt

Why leading businesses choose Poynt.

Fast Transactions

Keep payments simple for both customer and employee. Every transaction automatically applies taxes, surcharges and discounts, creating a streamlined experience that reduces errors and keeps the line moving.

Multiple Payment Options

Accept any payment method, be it cash, card or contactless. The system is primed to embrace change and will easily incorporate new payment methods. The days of "I'm sorry, we don't accept that" are over.

Mobility

Take payments in your store or at an industry trade show or local farmer's market. Any member of your team can become a checkout cashier, and you can check sales, stats and inventory in an instant.

Powerful Reporting Dashboard

Get real-time access to transactions, trends and customer information, and make data-informed decisions at a moment's notice. Keep close tabs on finances, set up new users and run customized reports from your home, at the office or on the go.

Ease of Use

Be up and running in as little as five minutes with an intuitive user interface and step-by-step tutorials.

Reliable Security

Rest easy with fully protected and PCI-compliant payment data and customer information.

24/7 Support

Reach out any time to get answers or troubleshoot issues.You don't clock out at 5pm, and neither do we.

Affordability

Pay one-tenth of the price of traditional payment platforms.

Processor
Application processor: Quad-core ARM Cortex A53
Security processor: Single-core ARM Cortex M3

Memory/ Storage
1GB DDR RAM / 8GB Flash

Display
5.0" secure touchscreen display - 720(w) x 1280(h) pixels

Operating System
Poynt OS

Connectivity
WiFi: 802.11 a/b/g/n
Bluetooth 4.2
*Optional feature:
3G/2G cellular modem

Camera
Rear camera: 5 MP with auto-focus
Red barcode LED

Audio/Microphone
Mono speaker
Built-in microphone

Other Features
3-axis accelerometer
Switchable full-scale ranges (≥5 ranges)

Packed Applications
Poynt Terminal, Poynt Register, Settlement, Help

Physical
76.3 mm x 154.0 mm x 25.4 mm | 201.6g

Card Reader
Hybrid MSR/ Chip Reader
Magnetic stripe reader: Triple track (tracks 1, 2, 3), high coercivity, bi-directional
Chip reader: ISO 7816, 1.8V, 3V, 5V; synchronous and asynchronous cards;
EMV Level 1 and 2 Type approved

Protocols
Supports major NFC/contactless schemes, ISO 14443 A&B, MiFare capable, ISO18092 capable

Security
PCI PTS PED and SRED 4.x, End to end encryption
Support TLS 1.2

EMV Ready
Device is EMV ready for standard PCI PTS 4.x

Certification
EMVCo L1, L2 certification, PTCRB, FCC, IC and CE

Environmental
Operating: 0 to 35C
Long Term Storage: 5 to 30C, relative humidity 20% to 75%

Power
Battery: 1900mAh, 4.35 V, 800 cycles
Power Adaptor: 5VDC / 2A Output,100-240 VAC Input

Smart Card Reader Life
Smart Card: 500,000 reads
MSR: 500,000 swipes

Model Number
P0501, P0502
